Teamwork: This year's theme.

It is a word we use all the time, but what is teamwork? The dictionary defines teamwork as the combined action of a group, especially when effective and efficient. Our ASWA chapter is definitely a group; we are a group of women involved in the accounting field, but does this make us a team. To be a team we must work together to make our organization be effective and efficient. Part of being a member of the team is participating in our monthly meetings; it is through participation that we can keep our chapter strong and growing. When working together as a team every job is important for it takes all the members of a group working together to produce the best results.

It is through teamwork that ASWA along with IIA and IMA are able to provide the Colorado Accounting Community with an outstanding Accounting Conference every year, the Rocky Mountain Area Conference. All of us working together make it possible to give out scholarships to women in college and at the same time provide quality CPE to those who have started their careers.

You as a member of the Denver Chapter of ASWA will get more out of the organization by becoming an active member of the ASWA team. Not only will working together to make ASWA a better organization but working together with your fellow employees and family will make your career and family life better.

Your fellow team member,

Brooke Moreland
